BIOGRAPHY: HEAL! - 20 JAHRE DISBELIEF

A 20th anniversary is a remarkable point in a band's career.

DISBELIEF (est.1990) celebrate this event by paying tribute to some of those bands who influenced them concerning their music and attitude or even being on the road together!!

HEAL! reflects metal in its purest form combined with the unique DISBELIEF - vibes which established the band as an extraordinary and outstanding phenomenon!

HEAL! is the result of many fans describing the DISBELIEF-sound as a kind of medicine for them, touching their deepest feelings and giving relief in difficult moments!

HEAL! wants to show respect to all those musicians and friends who died much too early. This new album shall keep up the good memories and develop the ideals they were standing for!!

For the first time DISBELIEF produced an album on their own at the FILLITALLI-studio of guitarist Witali Weber! A further step of becoming independent and towards progressing!! ANDY CLASSEN did the mastering at STAGE ONE STUDIO, it was a real pleasure to work with him again after all those years (1997-2001, 2003)!

Cover-artwork by THOMAS EWERHARD (INFECTED, WORST ENEMY, SHINE, 66 SICK)

Additionally, the included DVD gives you a perfect idea of what DISBELIEF is all about. It was recorded live at WALPURGIS METAL DAYS 2009 featuring ALEJANDRO VARELA on guitar who has in the meantime left the band!!

HEAL! is spread over Europe on May 21, 2010!!
