BIOGRAPHY

The Beat Club was founded in early 2005 by Yantit (Ewigheim, Eisregen) and Theresa (Eisregen) in Thüringen (East Germany). The Line Up was completed by Blutknecht on bass and Dr. Franzenstein (drums). With a good potion of humor and alcohol the songwirting took place and the musicans describe their sound as a combination of Ewigheim, Eisregen with a good potion of Rock n´ Roll and some old school black metal. After a few phone calls it was for sure that Massacre Records would release the Beat Club´s debut – as they were already the home for their man band Eisregen and Eisblut. The debut album "Willkommen im Club!" was recorded at Studio-E (Bethlehem, Ewigheim, Eisregen, Dornenreich) by M. Stock early 2006 already. The lyrical "concept" more or less covers the problems of Romanians being victims of vampirism and the followings of excessive Vodka partys... pretty serious topics all the way on their rockin' debut! As guests on the album Martin Schirenc (Pungent Stench) and DF (Eisregen) were invited and with Jakowar Sekurita playing trumpet (!) the unique dark party sound of the Beat Club is complete! The band is also active on the live sector and has already supported Eisregen and Pungent Stench on their last tour – more gigs to come with Debris Inc. a.o. soon! So you are welcome to join the club!
